- 3.Do you have any problems/something is wrong?.

Hehe Cheers Ded3.

For "the question 2" i can't put it to random, it's in the server's start-up setups. it has to be 1 fixed map.

Only the owners can acces these files. Since they are very busy people, that map won't be changed to often, but we'll try our very most to fix the crashes, this way, all of this isn't an issue ; )

- 2.What map would you like to be the main?.(when server crashes) **Doesn't matter.**
- 3.Do you have any problems/something is wrong?. **People whining about main map**
- 4.Would you like to make less races?. **Nope**
- 5.What 1-3 races would you like admins to delete?.(the worst ones you think of) **None, they costed alot of time to be added on server without bugs, and pooky put his time and hard work into them.**

Thanks moo, I agree with all of that... especially 2,4 and 5
