

Divine Souls, hack and slash mmo

Posted by Liquid Snake - 30 May 2011 20:35

Good day everybody i just wanted to post this game up the forums for people to play 😊

anyways, Dark^firewolf linked me a really sexy hack and slash mmo and i must admit its pretty darn good its free to play and the graphics are proper well considering its a free game. 🤔

but youll have to decide for yourself here's the website

divinesouls.outspark.com/

enjoy 😊

Played that game for a little bit a while ago. By a little bit I mean for about 10 minutes and got bored xD

I'm playing Forsaken World at the moment. It's very nice 😊

lol voodoo, this is so much more then gunz its not just doing boring quests the whole time its actually

sooo much more then that 🙄
and when just jumping around doing sick ass combo's flying trough the air gunz doesnt have that 🙄

the little girl was holding a hammer twice the size of her 🙄
, although the other weps seem in proportion
