

Star wars: The old Republic E3

Posted by Johannicus - 08 Jun 2011 13:52

Here is something to drool to while waiting for the game to be released. Enjoy!

I just think this game looks more promising for each vid they release!

Here are some other goodies to wet your apitite:

☹️ Tbh that game looks really nice. ☹️
I wouldn't mind getting that providing my pc can handle it ☹️

Hi guys,

Iv ebeen following this game since i first hear about it early last year. Looks awesome and cant wait to be able to play it.

With it nearing its completion and beta testing well underway.... I was hoping that someone....
"anyone" in twk might have any inside information with regards to the release date of this?

Cheers

Scathe

Aww shame... Im eagerly awaiting the appearance of this beauty! Fell like ive been waiting forever already.

Has anyone signed up to the beta testing and actually got selected to test it?
