

Alice: Madness Returns

Posted by Johannicus - 16 Jun 2011 08:12

Alice is back and I been playing it for a while and LOVE it. The game is gorgeous and the fights are tricky in a clever way. I def recommend this game to ppl who like a twisted story and gameworld.

Here are some screenshots to show the beauty of it:

Its a Action/Plattform/Puzzle game. Thats atleast the closest definition I can come up with 🙄
