

TF2 Server

Posted by deN - 28 Jun 2011 17:41

Id really love it, if TWK got a TF2 server : D Totally understand if u guys wanna focus on CSS and MineCraft atm, but this could help us get more members as TF2 has become a free game to download and play (something i enjoy very much, and i think there are other members that does aswell, except YooDoo, 🍌)

Soo if u could be so kindly to discuss a TF2 server, it would be lovely
