

Should I sell my original used xbox and xbox games

Posted by Tillberry - 08 Jul 2011 06:46

I have 8 xbox games and 1 xbox 360 game to sell. The xbox has all the cables and two controllers, controller S and one logitech wireless controller. Also has xbox dvd remote.

Well, hello mate and a pleasure to meet you too, I would buy it, but I already have too many doorstoppers at home. Thanks

EDIT: Youmay want to check www.ebay.com since it looks like you from the states, or hacked a proxy at someones machine, BTW, this has been reported as spam and abuse to the ISP holding that ip address.
