---

can anyone help with what mouse mat to have please ? My mousemat atm is a R.A.F charity one....

i use a razer deathadder with sensitivity of 6.5-8 ( im exsperimenting atm) and in css i use 5.0 ( just lowered it) so does anyone have any suggestions on what mouse mat to get ? i think a razer would be better as it woul go with the mouse xD Can anyone tell me what control would do with my high sensitivity ? ( is it worth getting a control one wiht high sensitivity ?). ones i have found and thought of so far...
