

Hardest game ever, Realms of the Mad God.

So basicly the game came to steam like 3 days ago and it's hard as hell.

If you truely want to challenge yourself then reach level 20.

If someone wants to try it out:

store.steampowered.com/app/200210/

The game is addictive(To me if not others...) and it's fun but it is hard as hell 🤪

Should the guild be called TWK or TWKgaming or anything else?

TWKgaming, maybe we can get some different types of gamers here 🤪

Would be nice 🤪
