I never thought I'd get excited about a MOBA style game, but this game looks awesome!

I managed to get a beta key, and I now have 3 referral keys that I can give to people. Let me know if you'd like one (1 may be reserved, so I will only give out 2 for now 🙄)

The beta's started. It's in Closed Beta at the moment, and only people with keys can get in. Just so you know, just played a game of it, and it's FANTASTIC!

Go on then Chiff 😊  
(I'll give it a try if you still have one 😊  
(don't worry if you don't)

Hopefully it will impress me more than CS:GO beta did 😊
