

Guitar Hero + Rock Band

Posted by Luckie - 29 Aug 2008 16:33

Anyone play guitar hero or rock band on the 360? I absolutely love them - guitar hero more than rock band though, rock band's too easy.

I don't actually own rock band though - just play it at pal's hooses but I still enjoy it.

Oh, and if any of you do play guitar hero, get the Bark at the moon, Ace of Spades and Hey You track pack DLC for GH2 and also get the Dragonforce DLC for GH3 - they're really good! 😊

Also I have borrowed a PS3 and played Guitar Hero: Aerosmith

I have GH2 & Rock Band on 360

Tbh the GH2 controller is the best out of all of them

I prefer Rock Band to GH4 coz GH4 stole Rock Band's idea 🙄

Prefer RB to GH4 due to lots of DLC for RB and not enough for GH4 altho the drums are pretty kl (only becoz they improved upon RB's idea) 🙄
