Oh.Hi. Long time since ive been at forum. But yeah. My computer is same as always 🤔

So i can not play:) Sry late answer=)

But at our rooster(no not this kind of rooster 2dpbnrws)

i stand has inactive=)

what IS up with your computer lol?

Post in the forums the symptons and what you have tried and there's bound to be someone in the community that might be able to suggest some stuff?
