

Caption competition #6

Wow, hot off the press this little nugget of information from the BBC website.

news.bbc.co.uk/1/hi/england/tyne/7854745.stm

Yes, name your cow, and treat it like an individual.

Sooo, with this in mind, I got thinking. Perhaps a cow would produce *even more* if you didn't just give it a name or a treated it as part of the family.

What if you entertained it?

So without further a do the competition is simply; take the transparent picture of a cow attached to this post and make a pretty picture depicting your ideas for getting a cow to produce more milk via entertainment.

Lovely.
