We are fortunate enough to have been given a full copy of the PC version of 'World of Goo' to give away by the creators.

If you've not read the review of it, click [www.twkgaming.com/index.php?option=com_c...;Itemid=52:su2jlvfs](http://www.twkgaming.com/index.php?option=com_content&view=article&id=52:su2jlvfs).

The game is a shining example of the Independent Games movement and easily challenges even the biggest of gaming companies. It's also making a statement by being 100% DRM free and region free 🍌

During the writing of the review and in-game testing Vista crashed (surprise) and by some uncanny fate a goo-ball escaped the clutches of the evil Goo empire and fell across my desktop and onto my CS:S icon.

Terrified and in a new world with an extra dimension this otherwise harmless goo-ball, pushed to the edge, turned into a mass killer. Unfortunately, due to a misunderstanding, he sort of tk'ed his own team.

Once the realisation of his mistake was apparent, and with shame, he hid himself behind some convenient square sections that suddenly appeared from no-where.

And all you have to do win the complete copy of the World of Goo game is to locate WHERE he is hiding!

Take a look at the picture below, and then choose your square
