I am making a competition for Team Fortress 2 and we need players!!

I will be handling one team, and we need another volunteerer to make the other team(s).

Come with ideas for improvement and for gods sake SIGN UP!

Rules of compo:

- Each team will have 5 players, and 1 reserve (optional)
- Map list: Badlands, Hydro or Well ( all ctp)
- Class restrictions: 1 engineer, 1 sniper, 1 medic and 1 spy

Team Red:

Tollef

Leisn

VoGon

Team Blue:

Ps: Of course this compo will only be held if our masters/bosses/god's gift to earth will allow it. Probably needs the server shutted down and the maps up. We are all counting on you. 😊

Great idea mate.

But, only after next week, as I wont be around ( vacation  
) but you can sign me up as Heavy for one of the teams...

Well, this weekend is going to be hectic for me, as I have to do loads of stuff to get ready to pack and go, will only be back on the 8th... that's Monday. Also I will need time to sort out the server for the compo, so might have it in 2 weeks time? that way we can organize it better and make room for ppl to join? if not 5 x5 maybe more if we get enough regulars?

Ofc, please feel free to train while I'm not here 🤖

Edit:

I think we deffo have some more ppl to join. From the top of my head I can think of:

DS

Vandricko

Tinwax

Eskimo

Tunes (that already posted)

Lee

Slab

missing someone guys?

I can probably join in on this one as long as its after 7pm 😊

As far as leading I've spent one evening playing it so far but I'm willing to call it if needed - hopefully by then I should be more acquainted with it. However, there are probably people who know the game a lot better and would make a better choice.

As far as class, I think I would prefer sniper on my team 😊

Looking forward to it 😊
