

Kirby Deagle Headshot Competition - sign ups!

Posted by DreamState - 12 Sep 2009 11:55

Please post here if you wish to enter the competition on Saturday 3rd October @ 8pm!

Details can be found www.twkgaming.com/index.php?option=com_k...Itemid=1:izh472e6...

This is a fun competition exclusively for members of TWK only. The competition is a plain and simple deathmatch (kill the other team) with NO RESPAWN. The competition will be an elimination per round affair. Players will be organisaed into teams (CT or T) in advance of the competition.

All TWK members are invited to play this tournament that will take place on the private server @ 8pm on Saturday October 3rd!

The map: gg_pink_panther_2

The skin: Kirby

The weapon: A deagle

The aim: The first player to achieve 150 frags

Rules of the competition:

Firstly, make sure you have ventrilo installed and working BEFORE the competition!!! Everyone must be on ventrilo, preferably with some alchoholic beverage if you are permitted by law.

(TWK does not condone underage drinking, nor do we speculate that in anyway does alchohol increase the enjoyment of electronic sports....at all, at all.)

Secondly, very important! You **MUST** have the Kirby skin working on the private server. When the competition begins, everyone must be wearing the Kirby skin and must see everyone else as Kirby, otherwise it defeats the whole object.

Thirdly, please make sure you have the map downloaded and working in advance.

Finally, fairly obviously, you must only use a deagle. No other guns, no nades of any kind. Knifing IS permitted.

The map will automatically end at 150 frags - whoever gets the 150 is the winner.

General good sportsmanship should apply - no raging!!

Good luck and have fun.

Teams are going to be posted very soon.

PLEASE PLEASE PLEASE if you are unable to play in this tonight after putting down in this thread, post asap so we can sort out the teams!!

A little more information.

You will not need to buy for the competition - at the start of each round you will be given a deagle.

A warning - its called Kirby Deagle Headshot for a REASON! ONE shot from the deagle and you are dead....expect to die easily and quite often 🤔

It's CURRENTLY the first to 150 frags, however, if this goes quick we reserve the right to up this to a

little more should we see fit 😊
