

TWKGAMING CHRISTMAS COMPETITION 2009

Posted by DreamState - 15 Dec 2009 19:07

This post details the proposals for the TWK Christmas Competition 2009 that will happen around the 21st-23rd period (or potentially afterwards if required).

This is a fun competition **exclusively** for members of TWK only.

Please sign up below and put down a preferred date (we will try and aim for the date that most can attend).

The competition is split into **three** rounds covering **three** types of gameplay. GunGame, Deathmatch and our new Reverse Turbo GunGame (81.19.209.200:27150). All details will be posted below as we work them out.

The prize will be a steam game up to the value of £30. Not too bad we thinks 🤔

The scoring may need to be worked out a little more before the date so the points system shown below is preliminary and subject to change with constructive feedback to make it fair. We are just too damn busy at the moment to get our heads around it properly!!!

THE COMPETITION LAYOUT:

ROUND ONE: GunGame

Classic GunGame action with a Christmas themed map.

The map: gg_oh_christmas_tree

Gameplay: Normal GunGame

Scoring: The player who wins will get 2 points. The top three players with the highest number of kills will get 5, 3 and 1 points respectively.

ROUND TWO: Deathmatch

Classic Deathmatch action on the standard dust2, only 'Christmasfied'.

The map: de_dust2_xmas08

Gameplay: Deathmatch

Weapons: Pistols only (subject to change)

Scoring: The top three players with the highest number of kills will get 5, 3 and 1 points respectively.

Limit: 100 frags

ROUND THREE: Reverse Turbo GunGame

The final round will be interesting!! Reverse Turbo GunGame on glass_fortress2. Expect a great deal of cursing ...

The map: glass_fortress2

Gameplay: Reverse Turbo GunGame

Scoring: The player who wins will get 2 points. The top three players with the highest number of kills will get 5, 3 and 1 points respectively.

Rules of the competition:

Firstly, make sure you have ventrilo installed and working BEFORE the competition!!! Everyone must be on ventrilo.

Secondly, please make sure you have ALL the maps downloaded and working in advance.

Finally, play nicely and fair - this is a FUN competition so lets get into the spirit 🤪

General good sportsmanship should apply - no raging!!

Good luck and have fun.

Ok, the servers are set - took some organising (skins, config, tv's to record) - ty Vagon!

The Deathmatch part will be on normal d2 for a couple of reasons - one, the spawns are better and more random, two, the xmas d2 is fps unfriendly. It will be pistols only.

Apart from that, expect chaos. We have tried to make sure everything is in place - no doubt something has been forgotten.

So, will aim to start as close to 8 as possible. If you are sure you cannot make 8 please put down the earliest time you could start and we will do our best to work around it.

Catch you all on later and CMON THE SENIOR (as in age) ADMINS - we have some revenge to exact ...
