whole kittens story:

three little kittens loved to play. they had fun in the sun all day. then their mother came out and said: "time for kittens to go to bed". three little kittens started to bawl: "Mommy we're not tired at all!". their mother smiled and said with a purr: "Fine, but at least you should brush your fur". three little kittens with fur all brushed, said: "We can't sleep, we feel too rushed!". their mother replied with a voice like silk: "fine but at least you should drink your milk". three little kittens with milk all gone, rubbed their eyes and started to yawn. "We can't sleep, we can't even try", then their mother sang a lullaby: "Goodnight kittens, close your eyes. Sleep in

peace until you rise. Though while you sleep, we are apart, your Mommy loves you with all her heart&quot;.
