

Beat-boxing at its best

Posted by VooDoo - 18 Sep 2011 16:15

So, i was stumbling around YouTube, i enjoy beat-boxing myself so i was searching for different styles of beat-boxing and found live-mix beat-boxing in which the beat-boxer records his voice/parts of the beats he makes and uses them as loops to make music, this guy is the best guy ive ever seen!

ENJOI!
