Same thing here, its the lyrics, plus its one of the oldest manowar videos.

1) I dont listen to Pantera 🤔

2) Manowar has never been about speed, its about epic metal with lyrics that tell you to stand your ground and be strong. Like this song, wich is their latest single:

Great build up, typical Manowar lyrics..

Listening to to their music on the stereo at high volume? No weird images, just great music 🤔

lyrics are important but its not everything. THis is music after all and not prose.

Last one i like the most. Megadeth is better 🤔

and then there is this. I wake up to this

My victims are rich or poor, young or old, strong or weak

I cause millions of accidents, I am cancer in your bones

I fathered the lie, twist what you say, speak not the truth

I am insidious, impartial, deep inside your chromosomes

I take what you love, and leave you in tears

I imprison your soul, your hopes are my games

I strip you of pride, my promise is in vain

While you burn at the stake I dance with the flames

I bring poverty, sickness and death

A worthless handshake, the slickest thief, I steal your wealth

I answer your prayers for greed and lust

More than evil, I laugh at your trust

I am more powerful than all the armies of the world

I am more violent than violence, more deadly than death

I have destroyed more men than all the nation's wars

I am relentless, unpredictable, waiting for your last breath

Evil, more evil than violence

Violent, more violent than death

Deadly, more deadly than man

I am yeah, yeah, I'm evil I am

My kingdom corrupt with dissent

Your sins erupt by my intent

I loathe your prayer, I wallow in sin

Let the nightmare begin

Prince of darkness, your satanic highness

Prince of darkness, the devilish serpent, the dreaded Lucifer

Prince of darkness

I take what you love, and leave you in tears

Imprison your soul, your hopes are my games

I strip you of pride, my promise is in vain

While you burn at the stake I dance with the flames

Prince of darkness, your satanic highness

Prince of darkness, the most beautiful angel

Prince of darkness, the devilish serpent, the dreaded Lucifer

Prince of darkness, unpredictable, the prince of darkness

Prince of darkness

Megadeath is ok, my fav songs with them are "My Creation" and "Tornado of Souls"; as seen in this clip:

[youtube:2ev2e1qs][youtube:2ev2e1qs]

But a album I always come back to are "Hell Destroyer" by Cage. I will never EVER get bored of it!

Shame I couldnt find a better clip.. 🙄

You are right of course, lyrics aint everything but few band manage to find that perfect mix like Manowar, Cage and Therion.

Therion:

As you might have noticed im a sucker for grand epic metal 🙄

Therion rocks too. Didn't know them until like 5 months ago, but then on spotify I came across some songs and loved it. Spent a day hearing all their albums.

But like you mentioned Manowar is all about standing ground, being proud. Some great values that they spread and always have through their songs. I have all their albums, and been on all gigs they have done here in Portugal.

Hail and Kill forever (in fact that track on their live album was recorded at the concert me and Tunes were).

But my favourite is indeed Battle Hymns, and on this DVD (that I also have...lol) they play it with all the band members they had and still have.
