I do hope you have all been watching this fantastic epic mini-series.

Days one and two have been really good and it's looking like the next three will be even better.

Ooooo.....

I'm recording them and was thinking of watching them in one.

So NO spoilers!!!

However, a little info has filtered back to me - particularly about a rather nasty occurence with Captain Jack.

Ouch.

Ouch indeed DS. Ouch indeed. But he's hardcore... especially for a gay/bi guy.....

Could have done without the gratuitous John Barrowman bum shot though lol

It wasn't so much the bum shot - we all know J.B. has no shame, but Christ on a bike that quarry looked cold!!! - as the thought of just where all that cement went!!!

Best line so far:

Clem: "Queer!"

Ianto: "Oi!"

Holy crap are the 456 scary!!!

Me like very much: "We want your children..."

I would have added:

Frobisher: "But... why? Why do you want them?"

456 Voice: "They are... *delicious*."
