..is this one! Loved the 2 previous ones so cant wait for this one!

Miss the predator laughter from when you did a headshot with the spear gun in AvP 2!!

I want to hunt "Soft meat" and "Hard meat" again 🍖

EDIT: Alien for those of you who like the knife fights, marine for those of you who like guns and military or Predator for guys like me who likes to sit in the shadows with my spearrifle and pick both sides off as they battle each other 🍖
