

The Waters of Mars

Just had to say I was totally blown away by the latest episode of Dr Who.

Some great bits in it but the ending for me was particularly amazing. A real treat.

I can't wait for Christmas .. 😊

That was epic!!!

Can't wait for XMas. Stuff the presents! I want Dr. Who!

Ooo!!

The laws of time aren't his! He's went too far! Four knocks!

Last ten minutes were the best.

'Twas indeed the scariest episode of Doctor Who ever, but not for the monsters but for the Doctor - suddenly revealed as potentially the greatest monster of them all.
