Are you interested in a new wallpaper? I've handpicked from the internet and I think there's something for everyone in this 388 MB (about 500 wallpapers) package of wallpapers. This is high quality stuff and there is something for every screen size/resolution (only one or two for dual screen, sorry)

The package includes the following categories

- Awesome (face) - 7 wallpapers
- Cars - 14 wallpapers
- Color Spectrum-stuff - 23 wallpapers
- Fantasy and Anime - 23 wallpapers
- Funny stuff - 15 wallpapers
- Games and Art - 45 wallpapers
- Motivational and Quotes - 55 wallpapers
- Nature, Animals, Landscape and Cities - 166 wallpapers
- Ninja's and Science - 22 wallpapers
- Other stuff - 57 wallpapers
- Space - 13 wallpapers
- War, Apocalyptic and Dark Scenes - 26 wallpapers
- Women (no nudity) - 37 wallpapers

You can also wish for a specific folder/category, if so I'll just need to upload it.
