

## BUG: with posts by a person

Posted by liger - 12 Apr 2011 13:09

---

when u go to someones profile on the right side u get the list of his/her last posts

when u click more, u get posts from your own profile

[www.twkgaming.com/index.php?option=com\\_k...d=101&Itemid=350](http://www.twkgaming.com/index.php?option=com_k...d=101&Itemid=350)

this wont work for colin, for an obvious reason :-

PS: check out my post on high cpu usage also

click on "more" at the end of the list which u see when u go to the profile

(like you want to see ALL of the posts, not just the 10 last)

it returns the list of YOUR posts (for me anyway)

Yeah, right, now I got it 😊

IDK if it is a feature or a bug, at least it doesn't show any error, will look into it asap.
